Green Diamond Resource Company
California Coastal Commission
California Geologic Survey
USDA Natural Resources Conservation Service
Humboldt State University
ESRI Inc.
UC Hopland Research and Extension Center
Humboldt Bay Municipal Water District

Numerous community members contributed observations and information on the condition of the watershed. In particular, residents Greg Bundros, Jay Stallman and Steve Kramer reviewed the preliminary draft WA and provided valuable input. Neal Carnam and Brian Michaels contributed input into the ‘Strategy’ which was also incorporated into the final LCWA.
